THE STAFF

Il of our teachers are specially trained in teaching Spanish as a foreign language and as hold Master's or Doctoral degrees in their area of specialization. In addition, they're dynamic, extroverted, kind and hard-working people and they're able to create a good atmosphere throughout the education/learning process. The students' groups are small so that teachers are able to take care of special needs. Being a member of a group will not prevent students from acquiring communicative competence.

Besides the teaching staff, Liceo Hispánico has trained associated teachers for different subjects (Art, History, Literature, Medicine, Tourism, Jurisprudence, Education, etc.) in charge of giving specific lectures to certain students or additional master classes about different topics throughout the academic course.
